

MICROSOFT 365 TRANSFORMATION PACKAGE

To support businesses transition to more flexible working patterns, TA have created the below package for business leaders and employees, aimed at improving communication, collaboration, security and productivity throughout your business.

As a special introductory offer, you can save over £700 with the Microsoft 365 Transformation Package, which includes support with Art of the Possible, Cloud Consultancy, End-user Training and End-User clinics

PACKAGE DETAILS

Support	Details	Delivery	Value (ex. VAT)
Art of the Possible	Remote workshop designed to demonstrate to decision makers how the Microsoft cloud-based tools you may already use in your business can help you streamline your processes and increase the efficiency and productivity of your staff.	60 minute remote workshop for up to 20 people.	£420
Cloud Consultancy	Up to 2 hours remote consultancy to help identify best practice regarding your cloud environment and digital processes.	Delivered as either one or two remote workshops, or spread over the life of the package using email, Teams calls, and other technologies.	£840
End-user Training	With best practices in place, we help you create and deliver end-user training to ensure your staff can operate securely and effectively throughout your digital landscape. Our aim is to help you improve communication, collaboration and productivity across your business.	Three 90 minute remote interactive workshops delivered as hands-on sessions for up to 20 staff, or as passive webinars including live demonstrations, followed by Q&A for up to 5,000 attendees.	£1260
End-user clinic	Up to 2 hours remote consultancy to help identify best practice regarding your cloud environment and digital processes.	Three 30 minute clinics for end-users to voluntarily drop-in and get answers to their bespoke questions.	£420
